Re: MB Docket No. 04-233

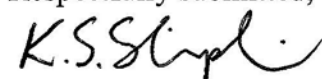

Dear Ms. Dortch:

The Family Violence Prevention Project is a collaborative of more than 40 public and private agencies dedicated to preventing family violence including child abuse, intimate partner abuse, abuse of people with disabilities and elder abuse. The collaborative came together under the leadership of the YWCA of Greater Cincinnati to address the family violence epidemic in the Cincinnati area. The Family Violence Prevention Project serves the community through violence prevention programming in schools, home visitor programs, nurse aid training programming, community organizing, and public awareness campaigns just to name a few.

The Q102 radio station has helped the Family Violence Prevention Project to further spread its message in the community by inviting the program director to speak on the station's Public Affairs Show, Sunday Morning Magazine to discuss the issue of Family & Domestic Violence.

Bonneville International-Cincinnati (WKRQ, WUBE, WYGY, WSWD) has been effective in serving my organization's needs as well as those of the community at-large.

Respectfully submitted,

Kristin Smith Shrimplin
Director, Family Violence Prevention Project
